

## Group safety performance – Employees

### Lost Days

1. The system of rules applied in recording and reporting accident statistics complies with the International Labour Organization (ILO) Code of Practice on Recording and Notification of Occupational Accidents and Diseases.
2. It is the total sum of calendar days (consecutive or otherwise) lost after the days on which the work-related injuries and work-related ill health occurred.
3. 121 out of 344 days were carried forward from two incidents in 2024.
